“ Word from Co-founder & CEO

As we look ahead, our purpose remains unchanged, to uplift the lives of drivers by enabling more earnings, more savings, and more dignity in their journey.

“Jyada Bachao, Jyada Kamao” is not just a slogan, it's the impact we strive to deliver to our drivers, every single day.

Together, we're building something that goes beyond mobility, a more inclusive, secure, and sustainable future for those who power our streets. Thank you for being a part of this mission.

— Varun Goenka, CEO & Co-founder
